12. Demo Tips for Hackathon Day

- Prepare **3 demo calls**: (1) an easy question like a refund timeline, (2) a damaged item, (3) an out-of-policy question that triggers escalation.
- Show the escalation moment clearly. It proves Vera does not make things up.
- Pitch the numbers: 500 agents x Rs. 20,000 per month = Rs. 1 crore per month. Vera costs about Rs. 50,000-60,000 per year.
- Always test with a stable internet connection and keep a recorded backup video of a successful call.
